

What's my bike worth?

1. First, start with the bike itself:

Visit NADA Guides Value: Go to nadaguides.com and find the value of your bike without all the custom parts.

\$ _____

2. Then, add up the value of all of your custom parts and accessories.

Category	Description	What I Have	What I bought it for	What it's worth now
Tires & Wheels	If you've added custom wheels or rims to your bike, make sure to include the value of these in your price.	_____	\$ _____	\$ _____
